Novara, Tesija, Catenacci, McDonald, & Baas PLLC (Novara Law) is proud to announce that it has made the *Crain's Detroit Business* Largest Law Firms of 2021 list, ranking as the 10th largest firm in Southeast Michigan and 14th largest overall in the state with 90+ lawyers.

In 2018, the firm was first recognized for its rapid growth and named as one of *Crain's Detroit Business* magazine's Fastest Growing Law Firms.

"While we have been a Detroit-based law firm for over 40 years, we have experienced our biggest growth in the past three years by expanding our practice areas and geographic reach throughout the country," said Michael Novara, Managing Partner & CEO.

In 2019, Novara Law opened its first office in Las Vegas, and in 2020 hired 40+ lawyers to service its diverse clientele. Additionally, "In early 2021 we will be opening our first office in Toledo, OH as we further expand into the Midwest," said Novara. "Toledo is a natural fit for all of our practices and clients, being located so closely to the Detroit area, and we are excited to get to work in the Buckeye State."
