

Paul O. Catenacci Participates in Roundtable on Fraud Prevention for Employee Benefit Plans

Nashville, TN

07.19.2021

Event Sponsor: IFBEP

Fraud, waste and abuse are serious concerns for all employee benefit plans. Recent high-profile cyber attacks, along with guidance from the Department of Labor on this topic, have also resulted in soaring premiums for cyber liability coverage. Paul Catenacci will be participating in a round table of professionals to discuss this topic at the IFEBP's upcoming Fraud Prevention Institute. This event would be beneficial for trustees as well as plan professionals.
