The Firm's new headquarters, located at 888 W. Big Beaver Road, was designed with an eye toward providing the Firm's employees with a modern office environment in the heart of Troy. The space includes state-of-the art technology and spacious collaboration areas as well as a nursing mother's suite, café, recreation room, and unique, one-of-a-kind, art throughout.

Regarding the recent growth and the new headquarters, the Firm's Managing Member, Michael Novara, said: "This is an exciting time for us. We have an amazing staff, a number of which have been with us since the Firm's founding nearly forty years ago. The new office space and recent growth are a testament to the hard work and commitment of our entire team."

The Firm was founded by Gary Novara nearly forty years ago to serve clients impacted by the Employee Retirement Income Security Act (ERISA). Since that time, the Firm's practice areas have expanded to include corporate, real estate, labor and, most recently, insurance defense. In addition to its Troy headquarters, the Firm maintains satellite offices in Southfield, Michigan and Las Vegas, Nevada.
